# CAMP

ADAM SCOTT

Just before the school holidays came to an end, the Soulies crew travelled down the South Coast to Waterslea for our annual Summercamp - it was excellent!

The theme for our week away this year was 'authentic'. Ads took us through 1 John in the morning sessions, while Jake took us through Romans 8 in the evenings. We were challenged to ask ourselves the same big question throughout the week: "Am I Authentic?", as we looked at Jesus (who is the truly authentic one) and thought about what it looks like for us to trust and follow him authentically.

It's a pretty confronting question to ponder: am I authentic? Especially when you know that you constantly make mistakes. However, we were reminded that our authenticity isn't something that we earn (even authentic

This is how God showed his love among us: He sent his one and only Son into the world that we might live through him.

1 JOHN 4:9-10

This is love: not that we loved God, but that he loved us and sent his Son as an atoning sacrifice for our sins."

Christians sin!), but it's something that Jesus lovingly gives us, and because of that we're called to live it out.

Alongside our time in the Bible and our Community Group sessions, we had a ton of fun: epic whirlpools + classic catch sessions in the pool, donuting behind the boat, cross-stitch!?, a dance party, wide-games, garbage bin mario-kart, late nights, early mornings and great food to nourish us as we tried to keep up with the action! We even gave Al Maddar a questionable haircut! You can check out some great shots from Summercamp here: [soulies.co/sc23](http://soulies.co/sc23) or watch the camp video here: [soulies.co/sc23vid](http://soulies.co/sc23vid)

Please be praying for the Soulies crew - that they might relish the gospel authenticity that Jesus has gifted them (and called them to live out), and give thanks for another excellent week away together!

BELONG

Joining a new church can be hard!

Often questions come up like: Am I wanted here? How do they do things?

What does this church believe? How do I get involved and play my part?

What we and many other churches have noticed is that even after people have been attending a church for a while, they do not have a sense of belonging or feel a part of the vision that the church is seeking to achieve under God.

As a staff team we recognised these challenges which is why we started "Belong".

Belong helps people have what we call a "Membership Moment" where people can say "yes, I understand what this church is all about, I'm excited about where we are heading and I know how I can play my part."

There is a distinction between "Attending" and "Belonging".

As disciples of Christ, who have been saved and bought by Jesus death we must not see ourselves as people who

Now you are the body of Christ,  
and each one of you is a part of it.

**1 CORINTHIANS 12:27**

simply “attend a church service”....we have been saved by Jesus to so much more!

1 Corinthians 12:27 “Now you are the body of Christ, and each one of you is a part of it.”

In fact, if we are saved by Christ we Belong to Jesus and His Church. The bible uses the wonderful image of the church being “the body of Christ” working together, seeking to build each other up in faith, being a family of believers and being on mission together in taking the Gospel out into the world.

So before we invite someone to join a Community Group or a Ministry Team, we would love people to come to Belong. It will help people have a “Membership Moment” and understand who we are, where we are heading

and how we are seeking to get there together under God.

So if you are New-ish to St Faith’s and want to work out if St Faith’s is the church for you or if you have been attending for a while but desire to plugin more – Come to Belong!

**The Next of the Belong sessions are starting at 4:30pm on Sunday 19th Feb- You should come!**

## THE WEBB'S IN BROOME

Many of you will have heard of the recent flooding in the Kimberley. The Fitzroy River rose to record-breaking heights, affecting many towns and communities along its path. This recent ABC article and video will give you a good idea of the ongoing impact of the flood.

Many people are now stranded across the Kimberley, either due to being evacuated from their homes, or being away from home when the flooding occurred and now cannot travel back. The main highway between Broome and Derby is closed, with 10kms of road badly damaged. The bridge across the Fitzroy River was also badly damaged. The detour is about 5000kms! In Broome, we had about a week of solid rain, but since we are not near a river it was just normal wet-season weather.

In the coming months towns like Broome and Derby will be under more pressure with extra displaced people needing accommodation and resources.

We have been impressed by the government response to the floods, with the DFES and the army being involved in the evacuation and recovery, and now taking people back to their homes. It's pretty cool seeing the planes and helicopters - including a Chinook! - leaving from Broome airport to take supplies out to isolated communities.

Most of our ministry goes on unaffected in Broome. However plans for Kimberley Leaders Training weekends and conventions will probably be impacted by the damaged road network.

## THINGS TO BE PRAYING FOR THE KIMBERLY REGION

**Ask God to draw more people to himself as they face the fragility of life in this world.**

**Please ask God to give government agencies and NGOs great wisdom in providing for the extra people in the major Kimberley towns.**

**Pray that essential roads will be able to be repaired quickly to allow the movement of people and supplies.**

**Pray for peace between people in Broome and Derby as overcrowded housing and uncertainty create relational tension.**

**Ask God to provide for teachers who need to get back into Fitzroy valley communities for the start of school. In particular most of the accommodation for Looma school teachers and community nurses has been damaged by the flooding. This makes life complicated for them!**

**Thank God that we can continue to encourage Christians in remote communities over the phone.**

MARCUS DRUITT

I have personally experienced, as have many others, the truth of Jesus' words "it is more blessed to give than to receive".

With the year beginning to get into a groove for many people, now is a great time to be considering where we can best serve in the life of the church for our own growth, the growth of others, and the growth of the Kingdom, before we fill our diaries with too many things.

While we can definitely serve others in spontaneous and unstructured ways, there's something about working regularly in a team that is particularly beneficial for us, and for others.

First - **it's a great way to deepen relationships with others.** There's something special about doing things together. I can see the laughs and the conversations when a bunch of guys are on the BBQ, or people are in the kitchen washing up together, or pulling out weeds together.

Second - **it gives us a greater sense of achievement and purpose, knowing that we are contributing to God's Kingdom.** Whether it be fostering opportunities for conversations in church by providing morning tea; seeing visitors love coming to church because you've played a part in making them feel wanted and valued; encouraging others to engage their hearts in worship to God through music; seeing light bulbs go off in children's heads as they get to know Jesus through Scripture or Children's Ministry; or teaching and encouraging youth to love Jesus in an increasingly confusing world.

Third - **working with others causes us to learn from others and improve our own skills as iron sharpens iron.** Leading children in a team, you're able to see how others teach, lead, guide, discipline, listen and when you see someone who is genuinely gifted in an area, what a wonderful opportunity to learn from them! The more we work with others, the more we learn from others, and the more we grow and develop ourselves.

So, where could you best serve God and His people this year? We have plenty of opportunities and the greatest needs in:

If you would like to contribute to church life in any way, please contact **Marcus@stfaiths.org.au** or **Rosemary@stfaiths.org.au**

- **Children and youth leaders (of any age!) on Friday nights, Saturday church and Sunday morning**

- **Reading Bible stories to preschool children at Gumnut**

- **People who are willing to cook or bake for various events**
- **sharing the good news of Jesus with many unchurched kids in local schools as Scripture teachers**

# SERVING

"Serving is a practical way to love God's people, meet more of them and deepen relationships."

- Linda Ryan, Morning Church

"Jesus came not to be served but to serve, an example I have tried to live by, as I am rewarded with great happiness and joy whilst helping people."

- Andrew King, Traditional Church

"I love working alongside my church family and getting to know them better."

- Christina Wood, Morning Church

"I love to serve in kids ministry because when children are young they are learning everything about life and it's important that they learn about God their creator and understand who they are living for and how much they are loved. It is also encouraging seeing how God grows the spiritual seeds you plant in each child as they grow older."

- Nicole Hutchinson, Night Church
